

DO YOU WANT TO CONTRIBUTE TO SUSTAINABLE DEVELOPMENT? STIMULATE THE INDUSTRY WITH YOUR INNOVATION!

We proudly announce the 6th IPS student's conference which will be on 22nd and 23th of May 2014 at the JSI main hall. The attendance is free of charge. The main purpose of the Conference is to establish contacts between perspective students from IPS and successful enterprises. Especially in times of economic crisis it is important to strengthen the collaboration between researchers and enterprises. The aim is to improve knowledge transfer between research institutions and industry.

On this conference you will present your research work with:

- * short paper (5-9 pages of scientific text + 1 page of abstract in non-technical text) in A5 format,
- * poster in A1 format.

The language can be English or Slovene. Additional information is available at the web site <http://ipssc.mps.si>.

You can get a printed version of the conference brochure in IPS office or from student representatives:

- Nanosciences and Nanotechnologies programme: at Andraž Rešetič, Jernej Pavlič and Nemanja Aničič,
- Ecotechnology programme: at Majda Pavlin,
- Information and Communication Technologies: at Nejc Trdin and Božidara Cvetković.

The conference will be successful only with your contribution. We kindly invite you to accept the challenge and prove that your research work can help to improve the world. Therefore, please submit your contribution to the conference as soon as possible via web form on <http://ipssc.mps.si>.

You should send your contribution as soon as possible, but not later than **31. March 2014**.

Because of some changes made this year, we urge you to take greater care while reading the instructions for paper preparation and submission in '[call for papers](#)'.

We are looking forward to seeing you there.

Kind regards,

Conference Organizing Committee
